

Please join us for the

FUTURE OF FRASER OPEN HOUSE!

*Light refreshments
will be provided!*

The City of Fraser is making significant improvements to enhance daily life for residents. As part of this effort, we're conducting a sidewalk assessment and updating our Zoning Ordinance, and we want to hear from YOU!

Sidewalk Assessment:

Supported by grant funding from SEMCOG's Complete Streets and Corridor Safety Planning program, Fraser is strategically addressing gaps in our community's sidewalk network to improve connectivity, accessibility and well-being for all.

To learn more about the Sidewalk Assessment and to provide comments, please scan the QR code below or visit City Hall for a hard copy.

Zoning Ordinance Update:

The Zoning Ordinance, which shapes the way we live, work, and play in our beautiful community, is undergoing a comprehensive update. The primary goal is to create a modern and user-friendly code, consistent with the 2021 Master Plan.

To learn more about the Zoning Ordinance Update and to take the survey, please scan the QR code below or visit City Hall for a hard copy.
